TURKCOMPOSITE

10th International Composite Exhibition

MEET4COMPOSITE

21-23 October 2026

Istanbul Expo Center

Main Sponsor

Official Airline

KOMPOZİT SANAYİCİLERİ DERNEĞİ
TURKISH COMPOSITES MANUFACTURERS ASSOCIATION

THIS FAIR IS ORGANIZED UNDER THE SUPERVISION OF TOBB (UNION OF CHAMBERS AND COMMODITY EXCHANGES OF TÜRKİYE) IN ACCORDANCE WITH THE LAW NUMBERED 5174.

TURKCOMPOSITE: An International Platform for Collaboration and Innovation in the Composite Industry

With a production capacity exceeding **350,000 tons** and a **\$3 billion** market volume, Türkiye has become a global powerhouse in the composite industry. Backed by \$2 billion in exports, the sector continues to drive innovation across critical industries including Aerospace & Defense, Wind Energy, Automotive, Marine, and Construction.

Building on this momentum, **MEET4COMPOSITE** is evolving with a broader vision and will now continue its journey under the **TURKCOMPOSITE** brand. Organized by the Turkish Composites Manufacturers Association and **CNG Expo Events**, the exhibition will take place on **October 21-23, 2026**, at the Istanbul Expo Center (Halls 9 & 10).

As the region's most comprehensive composite exhibition, **TURKCOMPOSITE** brings together the entire value chain from raw material suppliers to technology developers. Join us for the 10th edition to connect with key decision-makers and shape the future of composite technologies in one of the world's most strategic hub.

WHY ATTEND?

Production Power: Türkiye is a leading global supplier in construction, railway, maritime, wind energy, automotive, and defense industries where composites are the core of innovation.

Strategic Location: Within a few hours flight from İstanbul, you can reach all strategic locations. This makes TURKCOMPOSITE the most accessible meeting point for Europe, Asia, and the Middle East.

Engineering Talent: With a young and highly skilled workforce, Türkiye is rapidly transitioning from "manufacturing" to "technology hub" producing world-class carbon fiber and specialized resins. In addition, Türkiye becomes the new hub for additive manufacturing and foreign direct investment in the EMEA Region.

Global Meeting Point: Expand your horizons beyond the Turkish market. This is your gateway to the entire EMEA region, where you can connect with a diverse network of composite professionals, innovators, and decision-makers from across the globe.

Cultural Heritage & Gastronomy: A Journey beyond business, İstanbul is not just a commercial hub; it is a 2,500-year-old "Cultural Ocean" where East meets West. While attending TURKCOMPOSITE, you are invited to explore a city where history is embedded into every corner from the majestic domes of the Hagia Sophia to the vibrant shores of the Bosphorus.

EXHIBITORS 2026

EXHIBITOR PROFILE

- ◆ Raw Materials and Additives
- ◆ Intermediate and Semi-Finished Product Manufacturers
- ◆ End Product Manufacturers
- ◆ Composite Parts Manufacturers
- ◆ Processing Technologies
- ◆ Process and Production Technologies
- ◆ Laboratory, Quality, and Testing Equipment
- ◆ Recycling and Sustainability Solutions
- ◆ Associations, Consultants, and Universities
- ◆ Industry Services

VISITOR PROFILE

- ◆ Aerospace Industry
- ◆ Agriculture Sector
- ◆ Automotive Industry
- ◆ Construction, Building, and Insulation
- ◆ Defense, Security, and Ballistics
- ◆ Electrical and Electronics Industry
- ◆ Energy Sector (Renewable Energy – Wind / Solar)
- ◆ Furniture Industry
- ◆ Industrial Machinery Manufacturers
- ◆ Infrastructure and Civil Engineering
- ◆ Manufacturers and Suppliers
- ◆ Maritime and Shipbuilding Industry
- ◆ Oil and Gas
- ◆ Piping and Tank System Manufacturers
- ◆ Rail Systems and Railway Sector
- ◆ Raw Material, Semi-Finished and End Product
- ◆ Sports and Leisure Equipment Manufacturers
- ◆ Water Treatment Sector
- ◆ White Goods and Consumer Durables Manufacturers
- ◆ Others
